SUBJECT: TRANSMITTAL OF ENGINEERING CHANGE PROPOSAL

Dear Dan:

Enclosed are four (4) copies of our Change Proposal LAC-13. This Proposal is submitted for your consideration and approval.

Please note that although this Change Proposal covers a Service Bulletin Kit which is accomplished at no cost to SP-1917, it does represent a change to the airplane which we feel should have Hqs. approval. This is in line with covering all Service Bulletins in a consistent manner. Our design effort on this type of change is included in the routine in-plant or product improvement engineering authorized under SP-1918.

Yours very truly,

DICK
